Subject: BRRTS# 02-38-580694 - Tyco Fire Technology Center, PFCs, Surface Water Advisory Sign Access Update

Dave-

On behalf of Tyco Fire Products, L.P. (Tyco); please find below a bulleted summary of access for placement of surface water advisory signs in the City of Marinette and Town of Peshtigo associated with the Tyco Fire Technology Center PFCs site.

City of Marinette

- Initially proposed 11 sign locations that were approved by the City of Marinette and staked for utility location purposes.
- A location was requested by the Wisconsin Department of Natural Resources (WDNR) at James Street and Florence Street and is being reviewed by the City of Marinette to determine whether it will fall under the same blanket approval as the initially proposed 11 locations.
- The locations added by the WDNR at the Northland Lutheran Housing for the Elderly are being reviewed by property owners. I thought that we received verbal approval yesterday, do we say that but that we need to finalize written agreement with them before we post signs.
- The location added by the WDNR at Woodside Circle (Northeast side of Ditch B) was denied by the owner as those lots are for sale. He did agree to post the sign on his lot on the Southwest side of the ditch directly across from the location described by the WDNR.
- In addition to discussions with the Mayor of Marinette, we continue to work with other City officials to determine whether other approvals or permits are required prior to posting these signs.

Town of Peshtigo

- Three locations are pending approval by the Chair of the Board of Supervisors for the town.
- Town building inspector, Mr. Tom Smith, said Tyco was not required to go through the building inspector for approvals because the signs were being posted for health and safety reasons.
- Mr. Eric Burmeister from the County Highway Department staked a location for the sign proposed at the corner of Shore Drive and Wieggers Road. However, Town approval is still necessary prior to sign posting.
- Currently actively working with Mr. David Spangenberg, Town Attorney, on other applicable access/permitting considerations.

Marinette School District

- Facilities Director, Mr. Tom Tickler, requested 3 signs. One to be located on the school property near Pierce Avenue, and one for each side of a pedestrian bridge that connects the soccer fields to the main high school campus.
- The Marinette School District will do their own utility locate and sign installation, Tyco will supply signs, posts, and hardware.

Our schedule includes the placement of signs Tuesday and Wednesday (August 13 and 14), where appropriate approvals have been obtained.

Please do not hesitate to call me if you have any questions.

Regards,
Ben
